

# Home Practice : Week 4

The following activities are meant to practice at home as a means of reinforcing concepts we are exploring in class.

**Math Practice:** Study your multiplication and division facts using this chart. Highlight a row when you know the facts for that number in any order. Pick one row a week to master and soon you will have the whole table filled! ☺

**\*Study your  
troublesome  
English words  
for our next  
round of  
Speedy  
Spelling on  
Friday!**

Using a personal strategy, show how to solve the following questions:

<b>56 x 3</b>	<b>24 ÷ 4</b>
<b>3 478 + 4 295</b>	<b>6 321 - 4 975</b>

## **Tricky Words—English Language Arts**

**\* Do your best to study these troublesome words for another round of Speedy-Spelling on Friday! You do not need to know ALL of these words! Set a goal for yourself and focus on a small chunk of words. You can choose! Each week add to your list or create a new goal for yourself. Eventually you will be a pro and master the whole list! 😊**
