Celebrate your child's efforts when they challenge themselves, try hard things, and when they make good choices. Especially when they are able to own their own actions and words and make goals for improvement. We are always learning and growing!

PARENTS

How can you build INDEPENDENCE at home with your children?

- Encourage children to do things on their own, and help them to not give up.
- Talk about how to make good choices and celebrate when good choices are made.
- When there is a problem or conflict, talk about it together, share perspectives, and help children own their words and actions.
- Be a role model by setting goals, challenging yourself, being responsible, and talking openly about your learning.
